

Grace at Jerusalem CDC is a faith-based nonprofit 501(c)(3) organization located in Chicago, Illinois. The CDC recognizes that by providing goods and services to the under-served and targeted populations, the workforce development that we've created, will provide the positive economic engines needed in our community.

- Grace Memorial B.C. is part of the North Lawndale Community, rich in history of helping others for over 60 years. The church while its home and focus is in the North Lawndale Community, has a membership of over 300, whose families reside in all parts of the city and support a weekly food pantry and supportive services by providing for an average of 500 families per month. We also provide recycling of bio-fuels, neighborhood clean & green, Summer Safe Haven, the Grace at Jerusalem Family Community Roots Festival, Basic Skills Training & Security Training & Referral Program.

- As Community Stakeholders, Grace At Jerusalem C.D.C. & Grace Memorial B.C., are dedicated through Christ's love, to renewing the human spirit and building a stronger community by strengthening the family and ending the cycles of despair and poverty. To this end efforts used are expanded to include providing decent, safe, affordable, sustainable, mixed-use and mixed-income housing to the North Lawndale Community.

- The investment and participation required to address critical issues within the North Lawndale community are primary to Grace at Jerusalem CDC and to Grace Memorial B.C.

Our hope is that the Illinois Department of Housing Authority, Illinois Department of Economic Development, City of Chicago and the Chicago Housing Authority, partner with us as we continue to address three of the most critical elements in a person's survival and positive growth: Food...Clothing...Shelter.
